Product Description

Multi-Coloured Zebra Curtain Semi-Blind Hand-Beaded Roll-Up Curtain Zebra Curtain

Zebra curtains are made of a small piece of fabric and gauze of equal width woven at intervals into a textile, which is fixed at one end and rolled with the shaft at the other end for the purpose of regulating light. The light is softer when the gauze and gauze overlap, reducing direct light to a certain extent.

When the gauze and the curtain are staggered, the light is completely blocked, thus finally achieving the purpose of blocking the light. When the curtain needs to be fully opened, the curtain is simply rolled up completely.

Zebra blinds combine the warmth of fabric, the simplicity of roller blinds and the dimming function of blinds into one. The curtains are easy to operate, have a variety of blackout forms and do not obstruct the view, making them ideal for office and home window treatments.

Specification

item	value
Type	Tulle
Pattern Type	Solid
is_customized	Yes
Applicable Window Type	French Window
